THE REALITY

It isn't all glitz and glamour. There are limitations to what employers are allowed to let you do.

If you don't enjoy it, there is still a lot of value in the process and what you will learn.

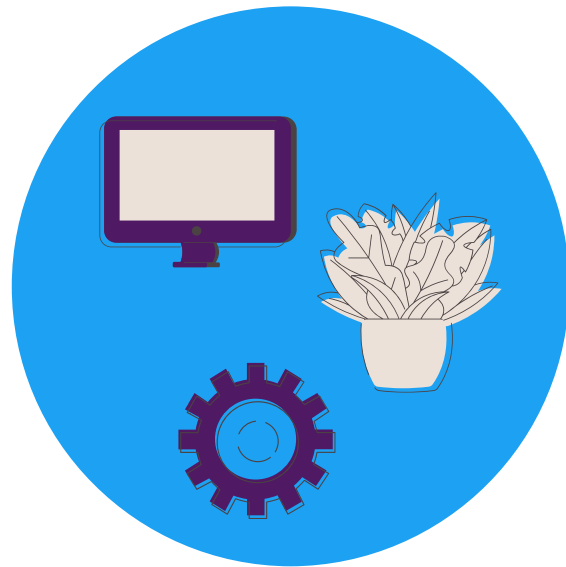

You will have the chance to see a real working environment and a good foundation to start building your future.

Covid has impacted many different job sectors. Many employees are now hybrid working which affects IT and Admin sectors.

WHAT YOU NEED TO KNOW

Paperwork

You will each receive paperwork regarding your work experience placement 4-6 weeks before you go out on placement. You will need to keep this paperwork and take it with you on your first day of placement.

Interviews

You need to call your employer to arrange a pre placement interview. You will then go in and meet your employer to go over your working hours and what is expected of you.

Working hours/ Behaviour

Your working hours will be on the paperwork that is given to you. This also needs to be discussed with your employer at your pre placement interview. Please also make sure that you are respectful at all times and on your best behaviour.

Ask questions!

Don't be afraid to ask relevant questions as it can often show you are interested in the company and keen to learn more.
